

The Coffee Corner

April/2005

Two antennas meet on a roof, fall in love and get married. The ceremony wasn't much, but the reception was excellent.

When the wise company president learned that his employees were tanking up on no-trace vodka martinis during their lunch hours, he issued the following memo: To all employees; if you must drink during your lunch hour, please drink whiskey. It is better for our customers to know you're drunk than to think you're stupid.

A five year old boy went for a weekend trip with his grandparents. On the way home, they stopped at a country restaurant for lunch. The little boy left the table to use the restroom by himself. A moment later he returned with a confused look on his face. He says, "Grandpa, am I a rooster or a hen?"

The new father ran out of the delivery room and announced to the rest of the family who were waiting for the news: "We had twins!"

The family was so excited they immediately asked, "Who do they look like?" The father paused, smiled, and said, "Each other."

I am comforted by knowing that in some cultures my thoughts would be considered normal.

A wife sent her husband and daughter to the Health Food Store with a carefully prepared shopping list. They returned with all the things on the list and a box of sugar cookies. The man noticed his wife's glare when she pulled out the cookies. So he said, "Hey, those cookies have one-third less sugar and fat than usual!" "Really. Why is that?" the wife asked. "We ate a third of them on the way home," he replied.

A father and his small son were standing in front of the tiger's cage at the zoo. The father was explaining how ferocious and strong tiger's are, and the youngster was taking it all in with a serious expression. "Dad," the boy said finally, "if the tiger got out of his cage and ate you up..." "Yes, son?" the father said expectantly. "What bus should I take home?"

Is it just me or does anyone else find it amazing that our government can track a cow born in Canada almost three yrs ago, right to the stall where she sleeps in the state of Washington? And they tracked her calves to their stalls. But, they are unable to locate many millions of illegal aliens & registered sex offenders plus murders wandering around in our country. Maybe we should give each one a cow.

Just a few weeks after taking a
job as a security guard, my
husband announced that he
had been fired. He explained
that he'd fallen asleep at his
desk and someone broke into
the building.

"But you're such a light
sleeper," I said. "I'm surprised
the sound of the guy breaking
in didn't wake you up"
"I didn't get fired for falling
asleep," he confessed, "I was
fired for wearing my earplugs."

Murphy replied, "Cancel the sale... it's too good to part with!"

The truck driver looked suspiciously at the soup he had just been served in a highway eatery. It contained dark flecks of seasoning in it, but two of the flecks looked very suspicious.

"Hey," he called out to the waitress, "these particles in my soup aren't they foreign objects?"

She scrutinized his bowl.

"No, sir!" she reassured him.

"Those things live around here."
